## GALVANISED STEEL - GPGC

Corrosion Resistant & Versatile

At MSL India, **SUPER SHAKTI** branded Galvanised Plain (GP) and Corrugated (GC) Steel Products each tailored to meet your specific needs. Our state -of-the-art Continuous Hot-Dip Galvanising Line enable us to produce high quality Galvanised Steel Sheets and Coils that adhere to stringent national and international standards.

We are committed to flexibility and precision in our offerings. Our GP and GC sheets are available in required lengths catering to the diverse needs of our clients. Furthermore, our Galvanised Corrugated sheets are meticulously produced with closed tolerances of standard depth, pitch and width, ensuring a consistent and premium product every time.

Trust the corrosion resistance, paintability & workability.

### TECHNICAL SPECIFICATION

#### ✓ COATING

80GSM - 120 GSM ( Other requirement upon request)

#### ✓ LENGTH

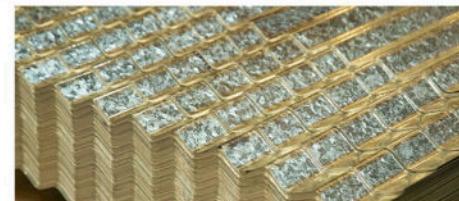

1830mm 2135mm 2440mm 2745mm 3050mm 3660mm 4270mm

#### ✓ SIZE AVAILABLE

THICKNESS	WIDTH
0.10 - 0.16 MM	720/1220 MM
0.18 - 0.25 MM	780/910/1220 MM
0.25 MM - 0.60 MM	800/910/1220 MM

### APPLICATIONS

Used for Roofing , edges and cladding.

## COLOUR COATED COILS & SHEETS - PPGL

Corrosion Resistant & Versatile

At MSL India, **SUPER COLOUR** branded colour coated steel having wide range, specifically Pre-painted Alu Zinc Coils (PPAZ). We utilize cutting-edge technology to produce high quality, vibrant and durable coated sheets that will bring your projects to life.

Our products are manufactured under precise control to ensure uniform colour, glossy appearance and excellent anti-corrosive properties. These are not just aesthetically appealing but are engineered to last, resisting the harshest of environmental conditions.

Experience the vibrant elegance, superior durability, and enhanced protection of our 5 Star Super Colour products.

### TECHNICAL SPECIFICATION

#### ✓ COATING

AZ 70GSM - 150GSM

#### ✓ LENGTH

Used for Roofing, edges and cladding. Granc, cooler and Trunk.

## ABOUT US

About Manaksia Steels Limited

MANAKSIA STEELS LIMITED, Flagship Company of the Manaksia Group is a multi location, Multi - Product, light Engineering Company in the field of Metal Products & Metal Formation. An ISO 9001: 2015 accredited company, major products include Cold Rolled Steel Sheets & Coils, Galvanized Steel sheets & Coil, Alu Zinc Coated Steel Sheets / Coils.

GALVANZE

PRE PAINTED COLOUR

ALU ZINC COATING

- ✓ Production capacity per annum: 100,000 MT of Cold rolled coils and 120,000MT of Coated steels Product.
- ✓ Thickness Range of C.R. Mill: 0.14 - 0.60mm, Width :1320mm max.
- ✓ We Manaksia Steels Limited are engaged in various manufacturing activities since 1981 and one of our core manufacturing activity is to produce Steel flat products such as Cold Rolling of Steel Coils, Galvanizing of steel Coils & Alu Zinc Coated Coils.
- ✓ We are producing Pre Painted sheets/ coils at our line at Haldia, West Bengal unit under same premises wherein we have our Cold Rolling Mill and Galvanizing Line and Alu Zinc Line. This plant is an ISO 9001:2015 certified unit and all our products are as per the ISO Standards. We have been successfully manufacturing these products at our existing plant at Haldia in West Bengal and Nigeria in Africa.
- ✓ We also have a number of Profile Lines and corrugation machine which can produce profile sheets such as Trapezoidal, Tile Roof Profile and Sinusoidal Profile sheets.
